

Combining high quality and affordability, this lightweight projector is bright, easy to set up, and great value for money.

Designed for presenters on the move, this WXGA wide resolution projector is lightweight and easy to set up. With a high colour light output and automatic keystone correction, it delivers a perfect picture in any meeting room.

Widescreen picture: See the bigger picture with a WXGA widescreen resolution which shows everything that's on your widescreen PC without adjustments.

Budget-friendly: The projector's exceptional value is complemented by the low running costs of the E-TORL lamp, which lasts 5,000 hours*.

Portable: Weighing in at only 2.3kg, it's light enough to carry between meeting rooms with the included carrying bag.

High-quality picture: This projector series combines a high white and colour light output of 2,600 lumens with 3LCD technology for outstanding picture quality, natural colours and high brightness. Enjoy enhanced sound and images with HDMI input.

Easy set-up: Set-up time is kept to a minimum with features such as quick-start and instant-off. Users can project large images from a short distance, and easily align slides and correct distortion with automatic vertical keystone correction.

Easy to use: Display images and control the mouse from a PC or Mac with a single USB cable. Alternatively, travel light and leave the PC behind altogether thanks to the USB flash memory support.

KEY FEATURES

- Exceptional value - Stay within budget without compromising on quality
- Portable - Weighs only 2.3kg and comes with carrying case
- High brightness - 3LCD and 2,600 lumens give a clear picture
- Easy set-up - Automatic vertical keystone correction
- PC-free operation - USB plug and play flash drive
