

Offering an excellent combination of value-for-money and portability, this SVGA projector is lightweight, bright and easy to set up.

A combination of affordability, lightweight design and useful functionality makes this an ideal projector for presenters on the move. It performs well in any meeting room thanks to its high Colour Light Output, and it's quick and easy to set up.

**Budget-friendly:** The projector's exceptional value is complemented by the low running costs of the E-TORL lamp, which lasts 5,000 hours.\*

**Portable:** Weighing in at only 2.3kg, it's light enough to carry between meeting rooms with the included carrying bag.

**High-quality picture:** This projector series combines a high white and colour light output of 2,600 lumens with 3LCD technology for outstanding picture quality, natural colours and high brightness.

**Easy set-up:** Set-up time is kept to a minimum with features such as quick-start and instant-off. Users can project large images from a short distance, and easily align slides and correct distortion with vertical keystone correction.

**Easy to use:** Display images and control the mouse from a PC or Mac with a single USB cable.

### KEY FEATURES

- Exceptional value - Stay within budget without compromising on quality
- Portable - Weighs only 2.3kg and comes with carrying case
- High brightness - 3LCD and 2,600 lumens give a clear picture
- Easy set-up - Quick-start and instant-off features
- 2-in-1 USB Display - Mouse control and display with just one cable
