WorkForce AL-M300D

DATASHEET

Monochrome laser printer with fast 35ppm print speeds and 300-sheet paper capacity - expandable to 550 sheets

The WorkForce AL-M300D is one of Epson's most hardworking and reliable A4 monochrome laser printers, thanks to its 100,000-page duty cycle - the highest in its class[1]. This model has a compact footprint that suits individual desktop users and comes with a 300-sheet paper capacity as standard - expandable up to 550-sheets.

Aimed at desktop users who are looking for high productivity, this model offers reliable, high-performance printing as well as fast, double-sided printing as standard.

The Workforce AL-M300D also offers consistently fast printing up to 35ppm[2], with a first-page-out time of 5.5 seconds, as well as high-quality results up to 1,200dpi resolution. Internal memory can also be increased to 1152Mb, to help process all business printing needs.

High-performance is teamed up with reliable printing, thanks to high-yield toners and a heavy-duty output, which provides an excellent return on investment.

The reliability of the WorkForce AL-M300D allows businesses to concentrate on their work without the inconvenience of downtime, enhancing productivity and providing greater peace of mind.

TONER CARTRIDGE COLLECTION PROGRAM

This free service helps us to collect and recycle used Epson toner cartridges in a safe and environmentally-friendly way. There are three easy ways to dispose of your empty cartridges and take an action role in reducing waste:

- Put them in a toner cartridge collection box which will be picked up once full
- Return them free of charge by Post
- Drop them off at an Epson Express Center. Please visit www.epson.com/recycle for more details about the program.

1. - Comparison made against the top 10 workgroup monochrome laser printers (31ppm to 39ppm) sold in Western Europe in Q4 2012 as tracked by IDC. Duty cycle information as published by manufacturers in January 2013.
2. - Determined in accordance with ISO/IEC 24734 showing the average of ESAT / FSOT from the Office Category Test for default simplex /duplex. For more information visit www.epson.eu/testing
